Subject: Microsoft Settlement

Dear Sirs:

It is high time that the legal actions taken against Microsoft come to a final conclusion. I strongly support the Justice Department in determining a quick and final solution to this law suit. To continue the delay of a final settlement only enriches the pockets of attorneys and a few special interest groups. This case has gone on long enough. The Justice Department now has more pressing issues to face in light of 9/11.

Sincerely,
Edward W. Goodwin
Greenville, SC
